

National Education Week

November 12 -16, 2007

Ideas for joining parents and students across the nation in celebrating South Carolina teachers who open up the world to children.

In School

Consider the following actions that may be taken up by a school volunteer:

- Hang a sign on each classroom door saluting, by name, the teacher within.
- Have National Honor Society, Student Council or other student groups furnish punch and cookies for the teacher's lounge on Teacher Day.
- Give teachers candy, apples or other food gifts with appropriate notes attached (e.g., fortune cookies with a note about how fortunate the school is to have a teacher of such high caliber).
